## Convocatória aos Municípios: Manifestação de interesse

We are right now supporting CA's implementation in:

- **Salvador – Bahia State**
- **Francisco Morato – São Paulo State**
- **Toritama – Pernambuco State**

### **Sharing our questions:**

- a) How to support the other 39 municipalities to have their CA's?**
- b) How to be responsive/to follow up on the implementation of CA's recommendations?**
- c) How much flexibility-adaptation to local (lack of) resources regarding Invitation/Sortition? Informative Material? Facilitation?**
- d) Maybe the most important: how can we achieve the "ownership" of the whole process by the local public leadership and coordination team?**
